1 The National Labor Deletions

¹ The National Labor Relations Board has delegated its authority in this proceeding to a three-member panel.

² To the extent that the Employer has already provided the Region with documents encompassed by this subpoena, it is not required to produce that information again, provided that the Employer accurately describes which documents under subpoena it has already provided, states whether those previously-supplied documents constitute all of the requested documents, and provides all of the information that was subpoenaed.

In addition, with respect to the Employer's argument that the subpoena unreasonably requires its representative to deliver the requested document to the Regional Office in person, we note that the Region has offered to accept delivery by mail or e-mail.
